Accommodations:

With 12 Cabanas and a main lodge for dining and gathering, St. George's offers the ultimate in privacy and relaxation. The thatched roof cabanas feature beautiful Belizean hardwoods, and

covered porches. You choose where you want to be on the island -- oceanfront on the sunrise side, overwater on the sunset side, or nestled in our lush gardens.

Dive Information:

Located just minutes from the Belize Barrier Reef, St. George's Caye Resort offers some of the best SCUBA diving in Belize. The coral reef system, a UNESCO World Heritage Site, is home to more than 500 species of fish, as well as sea turtles, dolphins, spotted eagle rays, and numerous invertebrates. Our **secluded location** means that nearby dive sites are nearly always free of other divers and are healthier and **more pristine** than other frequently dived areas.
